SCHOOL READYNES PROGRAMME

School readiness programme has been basically designed to prepare the child for school, to help him / her develop a feeling of affinity, of comfort, so that once he starts coming to school he should not think that school is being forced upon him. In fact, his school should be his second home. It should be a place where he loves to come and where he enjoys every moment. Children of class 1 (entry level) are therefore prepared mentally and physically for the school through play way method.

It is our constant endeavour to provide our children a stress-free environment so that they do not lose out on the joys of childhood, at the same time be receptive to education.

To quote Aristotle, "It is by education I learn to do by choice, what other men do by constraint of fear."

Activities carried out in School Readiness Programme

Role play.	Listening to rhymes on CD.
Film shows.	Indoor and Outdoor games.
